

ESF Project

The ESF Project is in its third and final phase of offering Careers Coaching and Employment Training (1.1) alongside an Active Inclusion strand (1.4).

The original project which started in 2016, was set up as a £1.2 Million match funded programme spanning three years. This was then extended in 2019 for a further three years up until 2022, and the final phase which concentrated more on the active inclusion strand ran for a further two years from 2022 to its conclusion scheduled for March 2024.

The overall project, which was funded by European Social Fund (ESF), co-ordinated by Clarion Housing and delivered by Charlton Triangle Homes lasted 8 years.

The project has been a great success, with a total of 1619 people supported through the project and a further 162 supported through the Active Inclusion strand.

A big thank you to the ESF Team for all their hard work and for delivering an amazing project.

Chinese New Year

To celebrate Chinese New Year we held an event in our Community Café.

To mark the occasion we had free food to sample which included noodles, spring rolls and chicken wings, as well Chinese lantern and dragon making arts and crafts. Our attendees were also taught how to count to ten in Chinese and Vietnamese.

A big thank you to everyone who attended. Gong Hei Fat Choi!
